

Hello-

As we start a new year I wanted to take a few minutes and briefly share areas where I would like to contribute.

1. I would definitely consider being a co-chair of the membership committee effort that Jim Bridges is currently leading.
2. I would definitely consider being a co-chair of the Career Management Value effort along with Candace.
3. I am currently supporting the web-site effort and view the immediate 'heavy-lifting' in this area to be over the next 3 - 10 weeks.
4. I would definitely consider being a co-chair of the Business Development Value effort - specifically around the Corporate Product dimension that Chuck and I have discussed.

A quick word on multiple efforts. I believe that I can handle the following concurrently:

- 1, 2 and 3 or
- 1, 3 and 4 or
- 2, 3 and 4

I am excited about the potential of TENS and look forward to being a part of taking it to the next level. I look forward to discussions with the appropriate persons to focus in on a resolution of my volunteering offers.
